

Hearing Health Foundation (HHF)'s 2020 Emerging Research Grants (ERG)

Application open: October 14, 2019

Application deadline: February 10, 2020

Funding: Up to \$50,000 per year for each project for an initial period of one year, renewable for one additional year.

Program date: October 1, 2020 – September 30, 2021

Description:

HHF's ERG grants provide seed money to stimulate data collection that leads to a continuing, independently fundable line of research. ERG Grantees advance scientific knowledge in the following under-researched areas: Hearing Loss in Children, Central Auditory Processing Disorder, Hyperacusis, Tinnitus, Ménière's disease, Usher syndrome, making cancer drugs less ototoxic, and the links between hearing loss and diabetes, heart and kidney disease.
