

Action on Hearing Loss Call for projects 2020

Discovery Research

Our Discovery Research Grants support projects that will generate knowledge to underpin the discovery of treatments for hearing loss or tinnitus, or improve how new treatments are developed and tested. This year, we are also working with Alzheimer's Research UK to co-fund research that will increase our understanding of the common biological mechanisms underlying hearing loss and dementia.

Deadline for Preliminary Application: Thursday 12 March 2020

Full application: By invitation only

Duration: Up to three years

Eligibility: Applicants may be from any university or research institute based anywhere in the world

Value: Up to £200K in total, funding will not exceed £67k in one year.

Translational Research Grant

The Translational Grant aims to support and accelerate the translation of research discoveries into potential new treatments to protect and regenerate hearing and /or silence tinnitus. It funds projects at both academic institutions and small/medium enterprises in any country. Action on Hearing Loss and Fondation Pour l'Audition are partnering to co-fund translational grants.

Duration: up to three years

Eligibility: applicants may be from any country and may be from academic institutions and small/medium enterprises (SMEs)

Value *: Up to £100,000 per year

Deadlines:

- **Expression of interest:** 14 April 2020 (5pm GMT)
- **Full application (by invitation only):** 12 June 2020 (5pm GMT)
- **Funding decisions:** November/December 2020

* Please note that as a charity, it is our policy not to fund any indirect costs or the salaries of permanent employees.
